Digital Full Colour Multifunctional System

Free to Fit

Where will you put it?

A clean and stylish cubic form. Two-tone colouring that blends into any environment. A wide range of business-essential functions. This full-colour A3 MFP fits in perfectly in any workplace. It's a smart business partner that you'll want to keep close at hand.

Stylish Design

The MFP's simple cubic form and two-tone colouring matches any business setting.

Compact Size

Measuring just 560 × 560 × 560 mm*, this MFP is small enough to place almost anywhere.

*Height is 653 mm for the BP-20C25/20C20 models.

4-in-1 Functionality

Four functions—copier, printer, scanner, and fax*—are packed into one compact unit.

*Not available on BP-10C20. BP-20C25/20C20 requires optional Facsimile Expansion Kit.

The compact, high-grade design fits naturally into any setting. Easily place the MFP in a shared workspace or where it's visible to customers.

The MFP is compact and quiet, which means you can place it right next to you. Having it within easy reach helps you to work more smoothly.

Shared offices or coworking spaces

Design or architectural offices

Hotel or company reception areas

Meeting rooms

Rental shops

Photo studios

The MFP's compact and clean design fits in well in any setting. Even if it's set up on a counter in plain view, it remains unobtrusive.

For an A3 machine, this MFP is super compact. It can fit into tight spaces, such as under a built-in counter or shelf.

Department stores or specialty shops

Insurance or financial service agencies

Huddle spaces

Executive rooms

Retailers or wholesalers

Medical or welfare institutions

A large, light gray Sharp multifunction printer is shown from a front-three-quarter view. Overlaid on the image are three large blue arrows indicating dimensions: a horizontal arrow across the top for width, a vertical arrow on the right for height, and a circular arrow on the right for depth. The background is a light gray grid.

Simulate installation with the AR (augmented reality) app

Read one of the QR Codes® below to download the free ARReader® app into your device. When you use this app to read the AR marker, which you can print out from Sharp's website, a life-size image* of the MFP will appear on your device screen. This makes it easy to imagine what the MFP will look like in your office or workplace.

*The measurement of the on-screen MFP may not appear exact in some cases.
