PRODUCT HIGHLIGHTS

Built to perform on the move

Customisable with 8th generation Intel® quad-core processors, high performance DDR4 memory and ultrafast SSD storage, the TECRA A40-E Series also comes with an extensive 13-hour battery life (up to 4 hours from a 30-minute charge with the Quick Charge feature) to keep you productive on the move. Plus, choose between an anti-glare HD or Full HD display with optional In-Cell Touch technology to suit your work style and needs.

Designed to last – wherever it goes

Built to fulfill the demands of everyday business use, the TECRA A40-E Series hails from our Innovation Centre, where it was tested to the most stringent standards such as H.A.L.T. (Highly Accelerated Life Test) specifications by TÜV Rheinland and MIL-STD-810G standards. Drop, spill and pressure tested, the TECRA A40-E Series gives you a greater peace of mind, wherever you go.

Safeguarding against security threats

Know that your business data is secure with TECRA A40-E Series. Equipped with a range of robust security features such as Dynabook's own proprietary built-in BIOS, a Trusted Platform Module (TPM), and face authentication login, the TECRA A40-E Series provides the enterprise-grade security you need. Beef up the protection even further with an optional SecurePad™ with fingerprint reader or a Smartcard reader.

Convenient connectivity

Stay connected with ease with an integrated Gigabit LAN that allows fast access to your local network and two full-sized USB 3.0, HDMI, USB Type-C. For added connectivity, optional USB-C dock allows you to connect a mouse, keyboard, accessories and multiple displays while charging a laptop through a single cable connection.
